“Anna has helped a lot during her stay, relieving a lot of stress and workload from our gallery manager and director. She will be missed.”

After a Master’s Degree in Philosophy and an endless love for art and painting, Ms. Anna Montana began looking for a contact person who could introduce her to the world of management of art galleries, concerning a series of aspects, from the development of contacts in the art world to the evolution of entrepreneurial spirit. Therefore, she decided to take part in the program Erasmus for Young Entrepreneurs, which let her know Mr. Mario Mazzoli, Director of Galerie Mario Mazzoli GmbH.

Mario Mazzoli manages the Galerie Mario Mazzoli GmbH, the first commercial gallery focusing on sound art. As a great supporter of the Erasmus for Young Entrepreneurs, he wants to transfer his conception of art to the new generation and to all of the people who are interested in this sector, aiming at developing their knowledge and their interests in art opportunities.

From the very first day, the NE and the HE worked together to different tasks. Given the entrepreneurial knowledge shared by the HE, the NE could carry out and deepen several different activities, like accounting and event managing and preparation. She fully met her objectives set out in the program.

On the other hand, thanks to the NE, the HE acquired knowledge about new methods and international contacts and became interested in extending his current activities abroad.

All in all, both entrepreneurs took advantage from this experience, because they broaden their contact networks.

Erasmus for Young Entrepreneurs provides European entrepreneurs the chance to share and gain relevant business skills. As a new entrepreneur, you will learn from an experienced entrepreneur and benefit from on-the-job training in a small or medium-sized company in another participating country. As a host entrepreneur, you can benefit from fresh and innovative ideas from a motivated new entrepreneur.
