ITKAM TALK

#SMARTCITY: INTELLIGENT AND SUSTAINABLE MOBILITY OF TOMORROW

The 3rd event of the virtual series ITKAM TALK, organized by ITKAM in close cooperation with the German-Italian Center for European Dialogue, Villa Vigoni, will focus on the #SmartCity concepts, which are gaining importance both in Germany and Italy, especially around #SmartMobility and #SmartEnvironment. These are central themes for the urban sustainable development, focus also for the 2026 Winter Olympics Milan-Cortina.

Experts discussing smart transformation will include:

Prof. Federico Cinquepalmi, Researcher, Italian National Institute for Environmental Research
Andreas Pohl, Smart Mobility Expert
Dr. Christof Horn, CEO Automotive & Transformation, umlaut AG
Julia Woyke, Project Manager, ITKAM

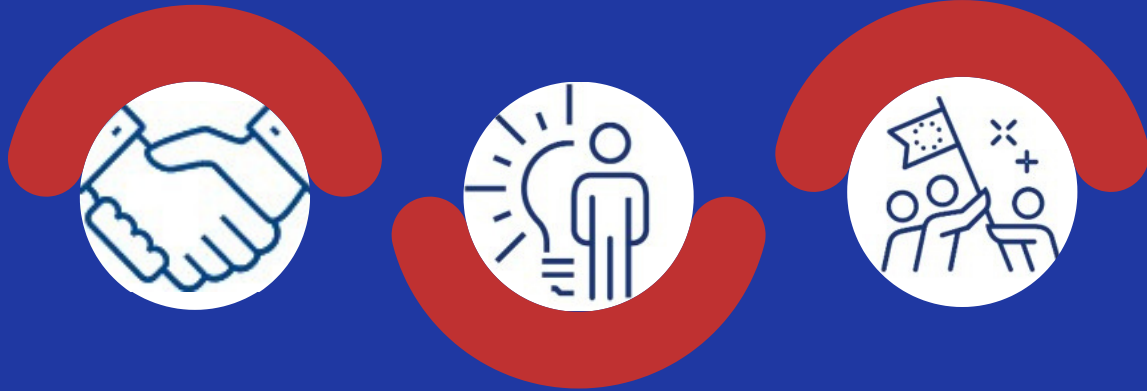

Dr. Christiane Liermann-Traniello, Secretary General of Villa Vigoni, will moderate the event.

14th JUNE 2021, 6 PM
