Company Overall Profile	Reference Customer in D-A-CH-Region*	E.G.O. Elektro-Gerätebau GmbH, Blanc und Fischer Corporate Services GmbH & Co. KG					Kühler GmbH - DualLift GmbH - Tousek GES.m.b.h. - Stern GmbH & CO.KG - Nunio GmbH - Etra Elektrofahrzeugbau GmbH - Olymp GmbH		
	Your business sector **	Aluminum Die-Casting	turning, milling, toothing. Small parts mechanics. Motor gear.	automotive, home appliance, general industry	DIE CASTING MOULDS	METAL WORKING AND ENGINEERING INDUSTRY	Automotive - Heating and Plumbing - Machine Construction - Arms Industry - Fitness Industry	Subcontracting, Machine industry, automotive	Subcontracting
	Commodities / Main Products***	Frames, handles and accessories for doors and windows. Bodies and covers for electromechanical devices. Body burners for cookers		sheet metal stamping tools, welding and automatic assembly systems, machining and assembling of components on contract work	DIE CASTING MOULDS FOR GAS COMPONSNTS, LIGHTING,AIR TREATMENT, FIXTURES, HANDLES, ELECTRIC ENGINES ECC...	AVAILABLE AT OUR COMPANY WEB SITE	Welded frames made of metal sheet components and/or tubes	Technical items made of zamak, Components for the electromechanical industry, Crankcases and gears for gearmotors, Crankcases for mini-engines	Various steels, stainless steel (INOX), aluminum alloys, plastic materials
	Your company focus (mass production; unit and / or batch production; both)?	mass production	medium and large quantity	unit and batch production		BOTH	both	Both	Both
	If you selected "Unit and/or batch production", please specify parts			50-100 units or 500-1000 units			Brackets for automotive industry - Metal structures for earth moving machines' bonnets - Cars accessories (bicycle racks etc).		Automatic machine components
	Do you produce for the automotive industry?	x	x	x	x	x	x	x	x
Export Share (%)		50%	5%	40%	20%	20%	20%
