02 Textile EPR legislative framework in the Netherlands

Legislative framework

- ❑ EPR obligations of textile producers are implemented according to:
 - Decree of 14 April 2023 containing rules for extended producer responsibility for textile products (Decree on extended producer responsibility for textiles)
 - Extended Producer Responsibility Scheme Decree

- ❑ Key dates:

1 July 2023	EPR for textile products comes into effect
12 August 2023	Producers' registration and first reports
2023-2025	Preparatory work for actual obligations; collection, sorting, recycling, reuse promotion&education services arrangements, costs and fees calculations
2025	The first year with actual recycling and reuse targets
2030	Maximum recycling and reuse targets reached

Legislative framework: covered products

☐ Clothing

- consumer clothing
- work clothing, including safety clothing

☐ Home textiles

- table linen
- Bedding
- household linen, such as hand and tea towels

Exemptions:

shoes, belts, headgear, curtains and cleaning cloths

Legislative framework: who is a producer

- ❑ A producer is the first to put textiles into the Dutch market:
 - A brand owner based in the Netherlands
 - An importer of textiles
 - An online party established abroad that delivers directly to the Dutch consumer.
- ❑ Foreign companies should appoint an authorized representative in the Netherlands for the fulfilment of all obligations

Exemptions :

- Second-hand textile sellers
- Materials suppliers (not-finished products)

Legislative framework: range of producers' obligations

- ❑ Registration with the authority
- ❑ Collection of textiles waste
- ❑ Preparation for reuse and recycling of collected waste with the achievement of the following targets:
(percentage by weight of the total textile products placed on the market in the previous calendar year)

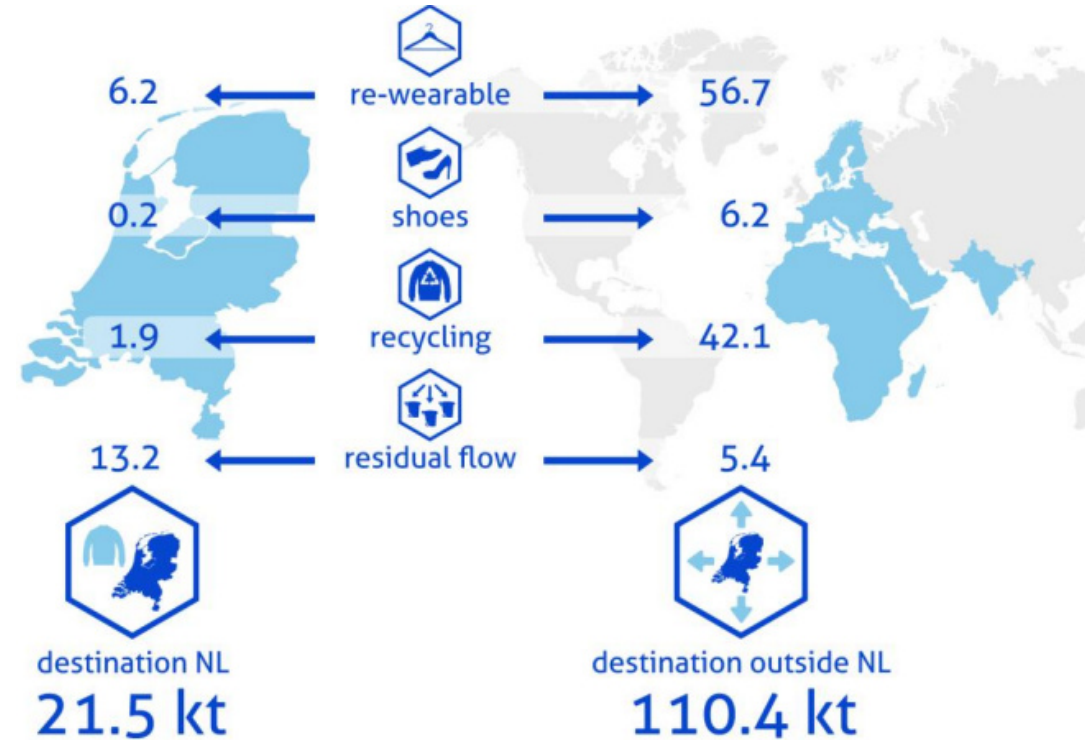

Year	prepared for re-use or recycled	prepared for re-use	prepared for reuse in the Netherlands	fiber-to-fiber recycled
2025	50%	20%	10%	25%
2026	55%	21%	11%	27%
2027	60%	22%	12%	29%
2028	65%	23%	13%	31%
2029	70%	24%	14%	32%
2030 and further	75%	25%	15%	33%

- ❑ Promotion and education
- ❑ Reporting to the authority
- ❑ Bearing the costs of complying with the obligations

03 ERP Nederland BV proposal

Textile waste statistics in the Netherlands

Textiles consumption	tonnes, annually	305,000
	kg per capita	17.7
Separate collection of used textiles	tonnes, annually	136,000
	kg per capita	7.9
Collection rate	%	45%

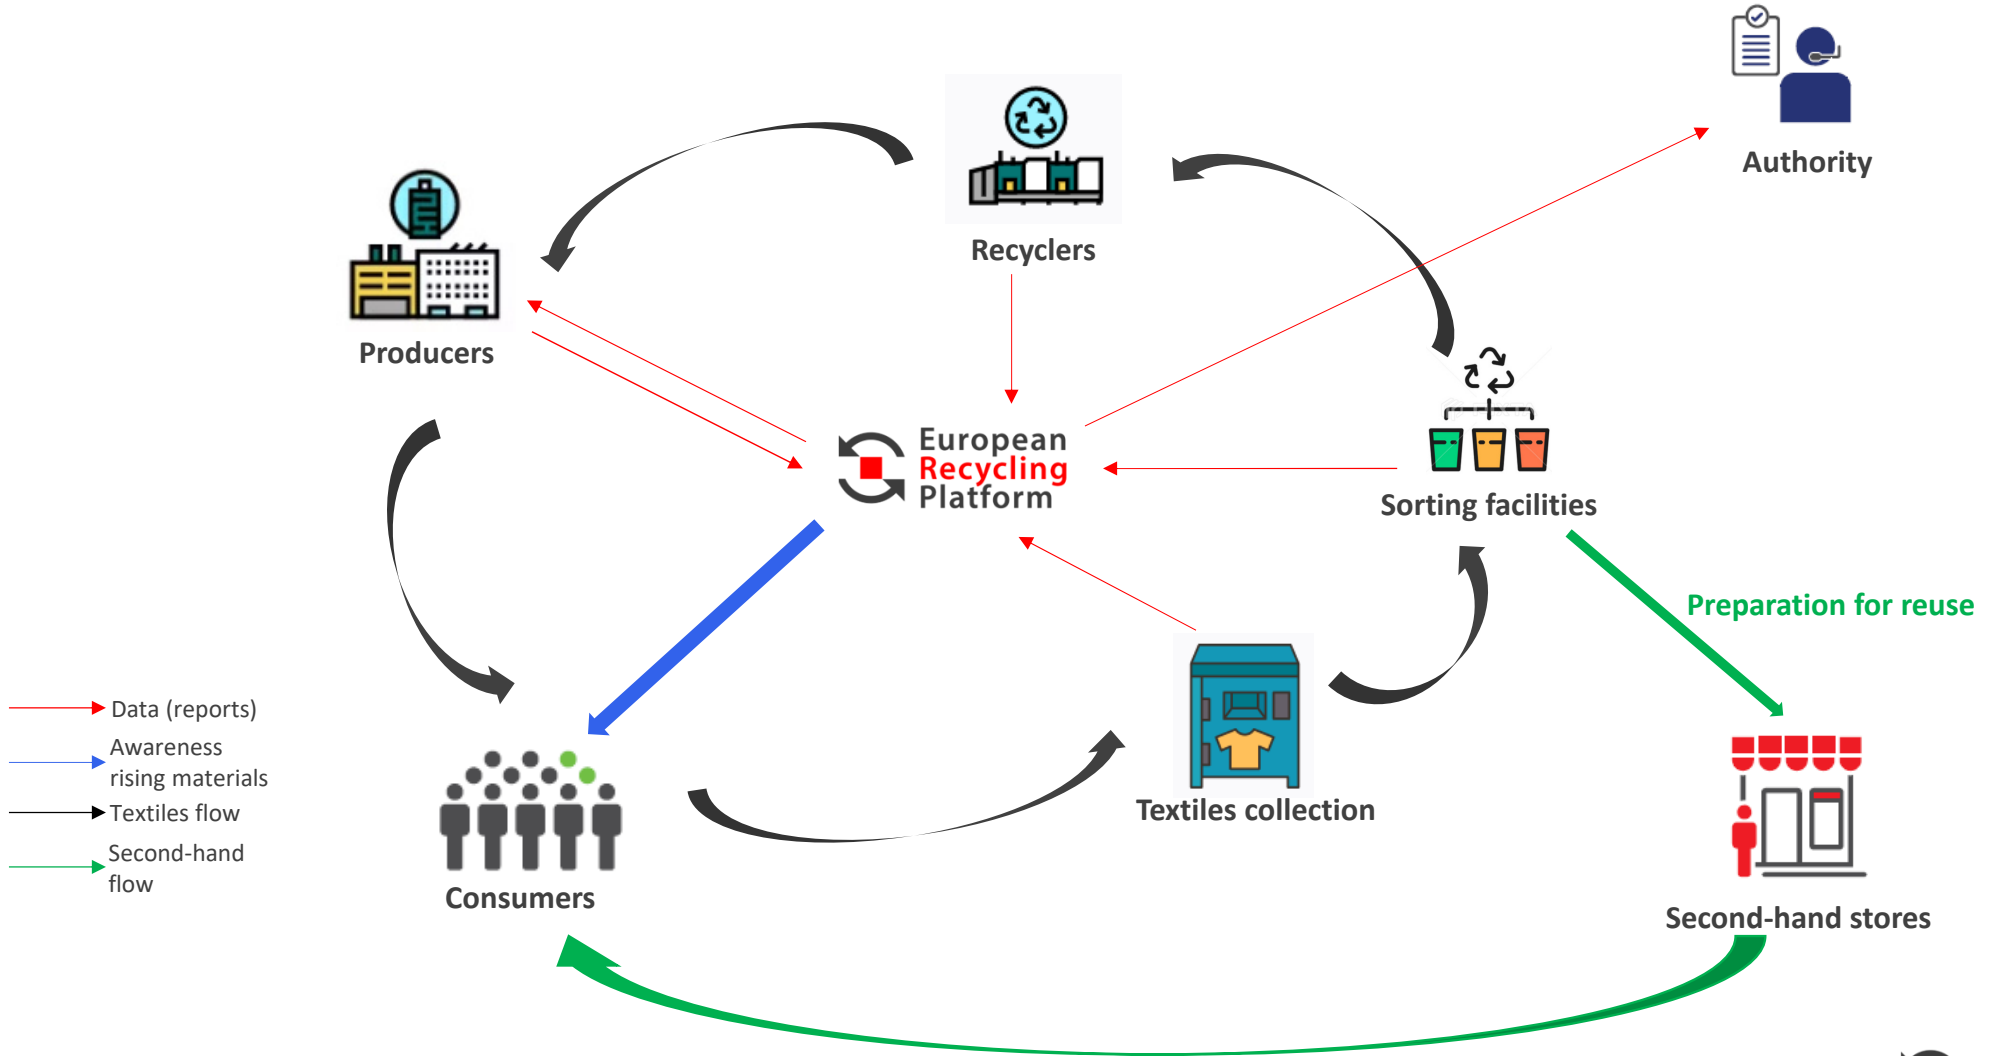

kt = 1000 tonnes.

ERP Nederland BV role in material and data flows

ERP Nederland BV assists Clients on all steps to achieve EPR Compliance

1.

Identification and assessment of your obligations

2.

Registration

3.

Reporting the put on the market weight to authorities

4.

Fulfilling collection, preparation for reuse and recycling requirements

5.

Fulfilling promotion & education requirements

6.

Providing reports on achieved results to the authorities

7.

Arranging audit of reports by third-party experts (as a part of self-management)

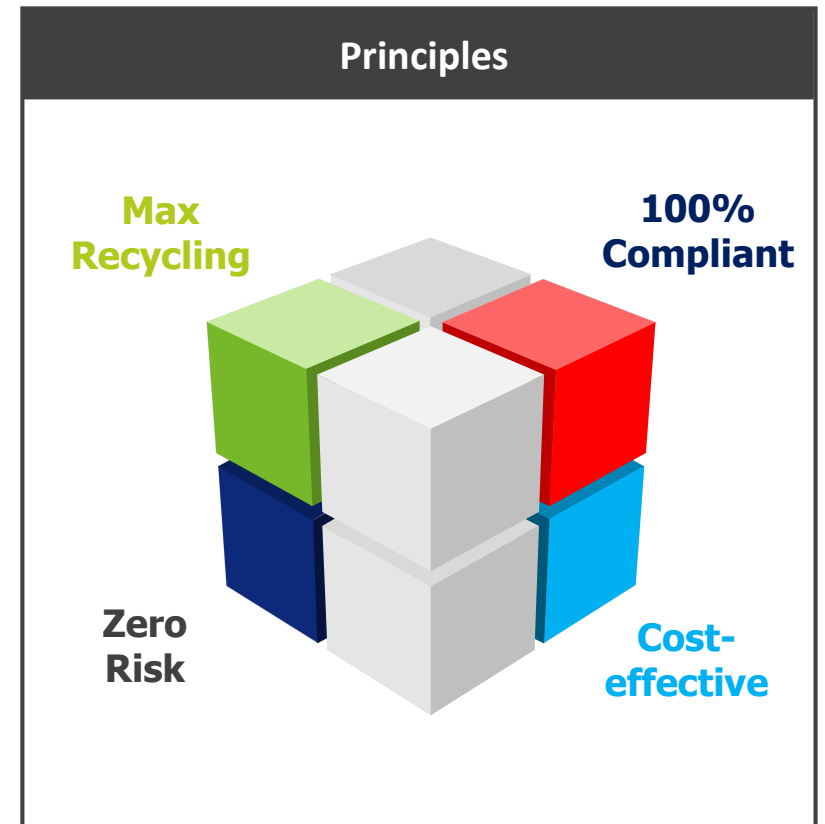

Our Value Proposition

As a member of ERP Nederland BV and Landbell Group, you benefit from:

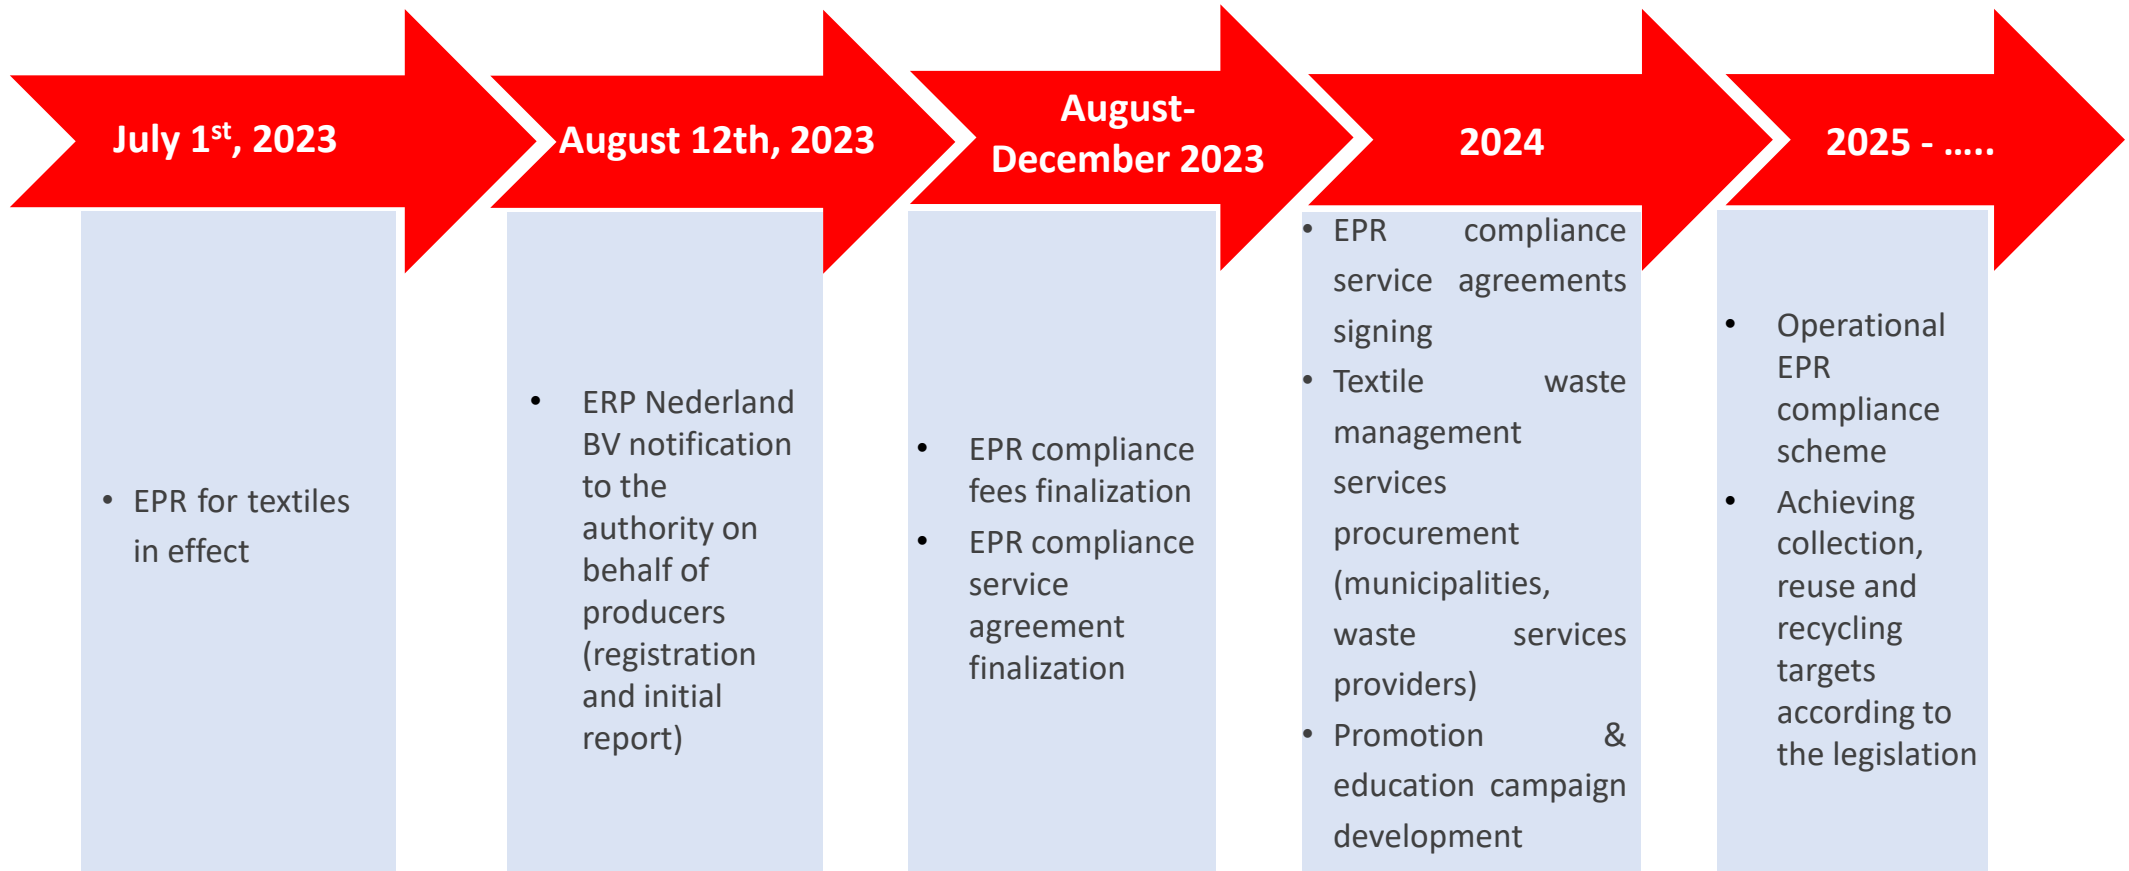

- Worldwide EPR compliance experience
- Worldwide regulatory knowledge to support your global programmes
- Worldwide waste management expertise
- Products compliance solutions design and implementation track record
- Straightforward service fees per tonne per category
- One-stop-shop solution for different products streams and geographies

We deliver:

- A clear and simple membership agreement
- Normal invoicing cycle (invoices normally issued in January, April, July and October)
- Full compliance with the EPR requirements

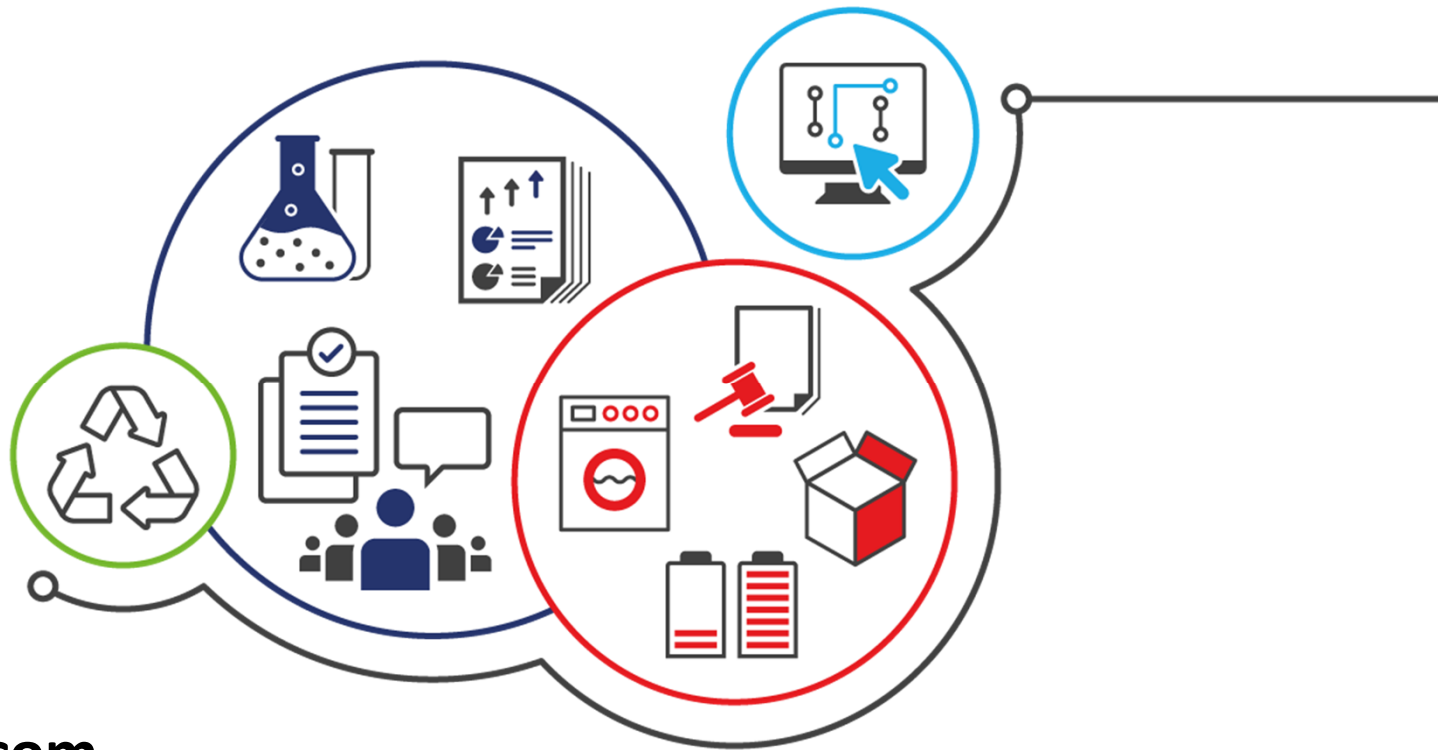

EPR policy and the setting-up process milestones

- In contrast to our competitors, we do not charge any direct or indirect set-up fees in 2023-2024;
- In 2024 if you decide to join our compliance scheme, we'll charge for the reporting services only according to an agreement;
- 2025 – the first year of textile EPR compliance fees

What we would like now

- Provide you with information knowledge regarding textile EPR in the Netherlands you require
- Propose our services on registration with the authority and submission of your initial supply report
- Your interest in our proposal on full textile EPR compliance services (to be developed within the set timelines)
- Simple letter of support according to our form with data required for your registration and initial report (without any binding obligations – we need this to represent your interests as your potential PRO)
